"CHOPIN FOR CHILDREN" – A CONCERT TO CELEBRATE THE CHILDREN'S DAY AND THE 5TH ANNIVERSARY OF THE OPENING OF THE CLINIC OF PEDIATRICS, HEMATOLOGY, ONCOLOGY AND ENDOCRINOLOGY OF THE MEDICAL UNIVERSITY OF GDAŃSK

Press Information: 26.05.2010 r.

On June 1, 2010 at 11.00 o'clock there will be held a charity concert for children in the Department of Oncology and Hematology of the Medical University of Gdansk built by the Foundation of Jolanta Kwasniewska – "Communication Without Barriers." Clinic was ceremonially opened on June 3, 2005.

The concert will be a part of the largest polish project of disseminating Chopin's music – "Chopin has arrived." **Jolanta Kwasniewska**, the President of the Foundation "Communication without Barriers" will be the guest of honor of the event.

The concert organizer is a **Concert Bureau HEROLD**. The "Stainway&Sons" piano will be provided by the **Beata Langowska's company – PIANOFORTE**. Both, organizers and performers, have renounced their fee.

The concert will feature:

- **Agata Gladysiak** – a student at the Music Academy of Poznan. She has performed in inter alia: Italy, USA, Switzerland, Holland, Germany and France. She won first prizes in international piano competitions in Rome, Kosice and Szafarnia. She is a participant of this year's Fryderyk Chopin Piano Competition in Warsaw.
- **Adam Kosmieja** – a student of the Manhattan School of Music in New York and the Music Academy in Bydgoszcz. He has performed at Carnegie Hall in New York, Poland, France, Sweden and Spain. He is a first prize winner of the Chopin Competition at Columbia University and Mieczyslaw Munca Competition in New York.

The entire event will be hosted by **Dominika Matuszak**.

The Department of Pediatrics, Pediatric Hematology and Oncology in Gdansk has been built and funded entirely by **Jolanta Kwasniewska's Foundation "Communication without barriers"**. Its grand opening took place on June 3, 2005. Clinic building was constructed according to the standards required for highly specialized treatment of seriously ill children and to improve conditions to exercise care for them by doctors and parents. Designers, by working with talented students from the Painting Academy of Fine Arts in Gdansk, created the unique colorful world of fairy tales, favorable in treatment and recovery of strength by the young patients. The clinic has more than 40 beds, outpatient clinics and labs: hematology, microscopic, diagnostic ultrasound and ECG study. Large halls lounges are equipped with school lockers and computers, as well as accomodation for parents.
